DESCRIPTION

The **Carlat Child Psychiatry Report** is a newsletter that provides clinically relevant, unbiased information on psychiatric practice, with a specialized focus on children and adolescents.

Issues will provide concise reviews of a current topic of interest; evaluations of treatment options, including prescription medications, OTC's and psychotherapists; in-depth interviews with a national expert on the issue topic and summaries of the most crucial research findings of the past months. This newsletter is mailed eight times a year at an annual subscription rate of \$129.

Subscribers are primarily board-certified child psychiatrists in addition to a small number of psychiatric nurse practitioners and psychologists who specialize in children.
