

POWDER AND BULK ENGINEERING FROM CSC PUBLISHING

26,997	Active U.S. Subscribers	BASE \$150/M
2,389	Active Canadian Subscribers	\$165/M
	Maximum Order Allowed	10,000

DESCRIPTION

Powder and Bulk Engineering readers are process engineers, plant managers, production personnel, sales agents in every industry. These subscribers need reliable information about processing and handling bulk solids, advice about weighing, feeding, mixing, size reduction, classifying, pneumatic conveying and many other topics. These subscribers evaluate, select and approve processing equipment and systems. Subscribers turn to *Powder and Bulk Engineering* for useful information about processing powders, granules, flakes, pellets and every bulk solid under the sun.

Powder and Bulk Engineering subscribers are in the chemical, food, stone, clay, glass, rubber, plastics, primary metals, pulp, and paper, and electronics industries, as well as engineering firms, electric, gas and sanitary services.

These executives are individuals with the following functions: process or production engineering, design or construction engineering; research and development, quality control, plant management, operations management, corporate management and consulting engineering.
